

**Dunkettle Interchange Project:**

*Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion. More information at [www.dunkettle.ie](http://www.dunkettle.ie)*

*Layout of upgraded Dunkettle Interchange*

- Ground investigation works will continue at the Dunkettle Interchange area over the coming weeks under night time working.
- The photograph below shows a drilling rig operating in the southern section of the interchange roundabout centre island.
- Further information on the Dunkettle Project is available on the project website, [www.dunkettle.ie](http://www.dunkettle.ie).
- A scale model of the proposed new interchange layout is on display at the site offices. If you are interested in viewing the model, please contact us using the contact information at the bottom of this update.

*Ground investigation works at Dunkettle Roundabout*

## **Expansion of [www.dunkettletraffic.ie](http://www.dunkettletraffic.ie) coverage, and development of the 'DUNKETTLE NOW' App**

- As advised last week have expanded the live streaming coverage of traffic conditions on the approaches to the Dunkettle Interchange on [www.dunkettletraffic.ie](http://www.dunkettletraffic.ie) by adding two further views, one eastbound, and one westbound from the Bloomfield Interchange. We have had a lot of positive feedback on this where people find the views of the approach from the N40 to the west, and from the N28 to the south particularly useful in providing an indication of conditions approaching the tunnel.

A short video to demonstrate the functionality of our Dunkettle Now App for iOS and Android can be viewed here <https://www.dunkettle.ie/news>

As always, if there are any queries or comments in relation to any of the work items set out herein please contact us on 1800 810077 (at any time), on 0212021143 (during normal working hours) or on [roadconstruction@ccc-site.com](mailto:roadconstruction@ccc-site.com). Further information on the Dunkettle Scheme can be accessed at [www.dunkettle.ie](http://www.dunkettle.ie). Real time traffic information can be accessed via [www.dunkettletraffic.ie](http://www.dunkettletraffic.ie) and further details on all national road schemes in the Cork area can be accessed via the Cork National Road Design Office website, [www.corkrdo.ie](http://www.corkrdo.ie).
