

Dunkettle Progress Update

10th January 2020

Dunkettle Live App: download from [Apple App store](#) or from [Google Play store](#)

Dunkettle Interchange Project - Advance Works

Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion.

Dunkettle Interchange Upgrade: Installation of service ducting southeast of Dunkettle Interchange, the Interchange Roundabout is visible in the background.

- Works activities recommenced on site on Monday 6th January 2020 with the installation of service ducting south of the N25 westbound off-ramp approach to the existing Dunkettle Roundabout (southeast of Dunkettle Interchange and west of R623 to/ from Little Island) as shown in the photograph above.

- Construction of the reinforced concrete protection slab (for a length of the existing gas transmission main) is continuing from east to west immediately south of the N25 near the Pfizer premises. The photograph below demonstrates the concrete sleeves being installed this week.
- Following completion of site clearance works and initial topsoil stripping in the area immediately west of the M8, excavation works for the N8 to M8 link and combined pedestrian-cycleway commenced this week and will continue for the coming weeks - see photograph below.
- In order to accommodate upcoming service ducting road crossing works, night-time lane closures will be in place next week on the N25 in the vicinity of Dunkettle Interchange from 10 p.m. to 5 a.m. each night from Monday 13th January to Thursday 16th January 2020. The working hours proposed will ensure that these works will not cause any significant disruption to traffic.
- In summary under this heading, no significant disruption to traffic is anticipated over the coming week as a result of the various ongoing advance works items.

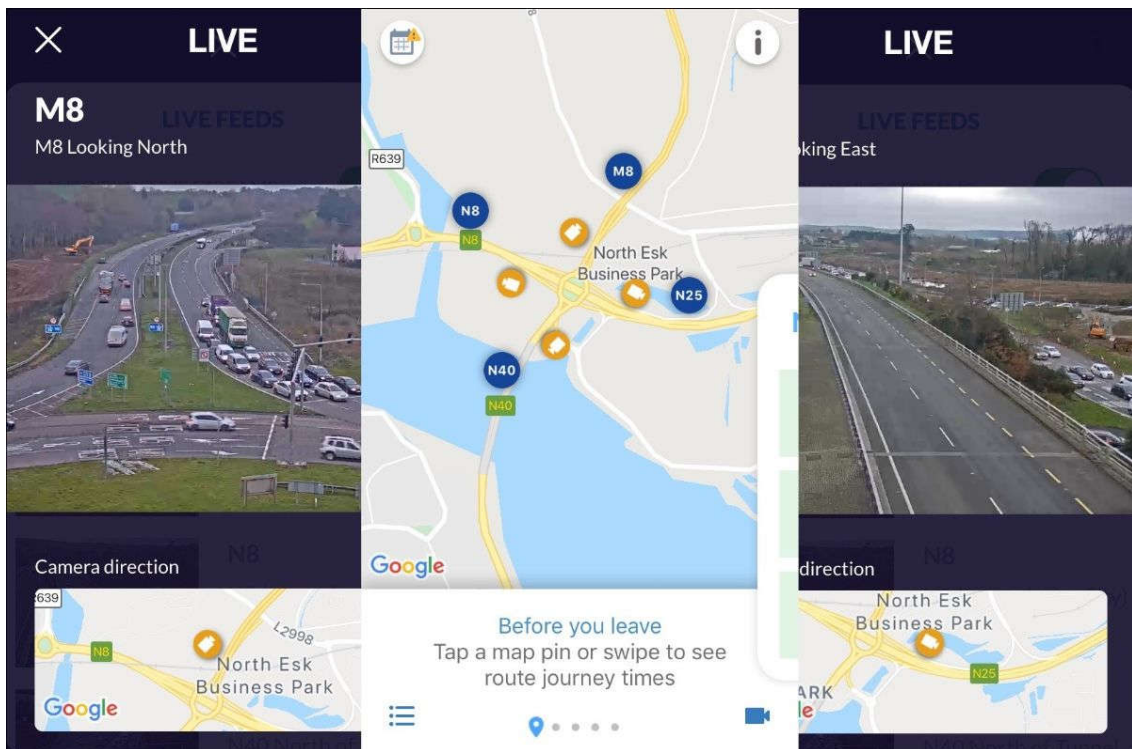

Dunkettle Interchange Upgrade: Ongoing works between the Pfizer northern boundary and the N25 National Primary Road

Dunkettle Interchange Upgrade: Excavation works for the N8 to M8 link and adjacent pedestrian-cycleway

Dunkettle Interchange Project - Dunkettle Live Traffic App

- The traffic app **Dunkettle Live** is available as a free download on the [Google Play store](#) and the [Apple App store](#).
- The app has now been downloaded by well over 5,600 users since its release in early December 2019. We hope that the app will continue to be well received and that usage of the app will continue to increase over the coming weeks.
- A short video demonstrating the app can be viewed at: [Dunkettle Live App Preview](#).
- We would welcome any comments in relation to the app to roadconstruction@ccc-site.com.

As always, if there are any queries or comments in relation to these works, please contact us at:

Phone: 1800 810077 (at any time),

Email: roadconstruction@ccc-site.com.
