## **Dunkettle Interchange Project - Advance Works**

*Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion.*

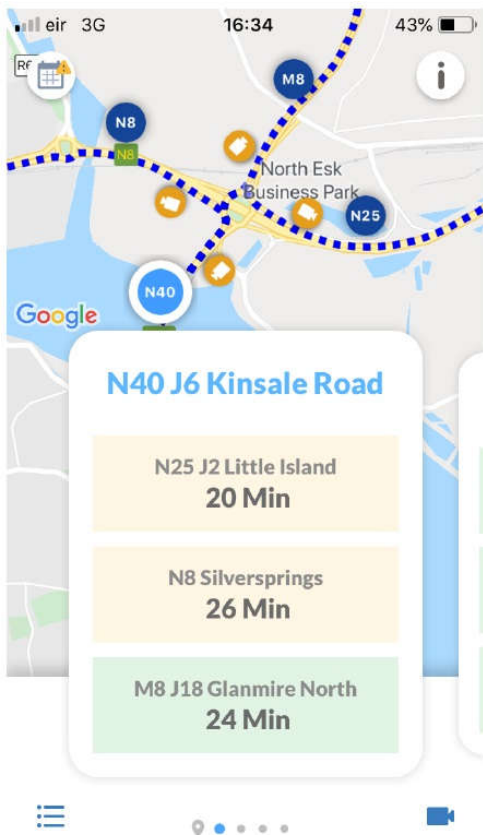

- The site will be closed from today, 20th December 2019, with works recommencing on Monday 6th January 2020.
- The initial focus from January will be on continuation of ground investigation works, installation of services and the construction of the piled concrete support slab over the gas transmission, immediately south of the N25 near the Pfizer premises.
- This week works activities were ongoing at the following locations:
  - Construction of the reinforced concrete protection slab for a length of the existing gas transmission main between Pfizer northern boundary and the N25 National Primary Road.
  - The installation of service ducting at this south eastern quadrant of the Dunkettle Interchange on the westbound slip from the N25 – see photograph below.
  - Site clearance works for the proposed pedestrian and cycleway rail overbridge near Bury's Bridge.
  - Slit trenching ground investigation works on the M8 southbound.
- No significant disruption to traffic is anticipated over the upcoming Christmas holiday period as a result of the works.

## Dunkettle Interchange Project - Dunkettle Live Traffic App

- The traffic app **Dunkettle Live** is available as a free download on the [Apple App store](#) and [Google Play store](#).
- The app has been well received by users since its release in early December 2019.
- A short video demonstrating the app can be viewed at: [Dunkettle Live App Preview](#).
- We would welcome any comments in relation to the app – please forward any comments to [roadconstruction@ccc-site.com](mailto:roadconstruction@ccc-site.com).

As always, if there are any queries or comments in relation to these works, please contact us at:

**Phone:** 1800 810077 (at any time),  
**Email:** [roadconstruction@ccc-site.com](mailto:roadconstruction@ccc-site.com).
