Website

*Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion*

- Service duct installation works on the R623 Little Island Road at Inchera have progressed well and reached substantial completion ahead of schedule earlier this week. The cooperation of commuters while these works were being progressed is acknowledged and appreciated.
- Works are continuing at Dunkettle Roundabout at the eastern end of the Lower Glanmire Road with the aim of providing a signalised roundabout at this location with controlled pedestrian/cyclist crossing points. East of the roundabout works are also continuing on construction of the new pedestrian walkway/ cycleway in the area from Dunkettle Roundabout to the Glanmire Road. See recent aerial shot below.
- It is anticipated that these works will continue until June 2020.

- Drainage works are now underway in the area immediately west of the M8 associated with construction of a new free flow slip road from the N8 Eastbound to the M8 Cork/Dublin Motorway Northbound.
- Embankment construction and drainage works are also continuing in association with the proposed new road layout south of Gaelscoil Uí Drisceoil – see aerial shot below.
- Works in this area will also continue until June 2020.

Dunkettle Live App: Download from [Apple App store](#) or from [Google Play store](#)

- The traffic app **Dunkettle Live** is available as a free download on the [Google Play store](#) and the [Apple App store](#).
- The video above demonstrates the main features of the app. The app continues to be well received with positive feedback in relation to the free availability of real time traffic information, including live journey times and live video streaming from the main approaches to the Dunkettle Interchange. (This video can also be viewed at: [Dunkettle Live App Preview](#).)
- As always, we welcome any comments in relation to the app to [roadconstruction@ccc-site.com](mailto:roadconstruction@ccc-site.com)
