## Dunkettle Interchange Upgrade Project

*Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion.*

- Construction works on site (with the possible exception of limited deliveries over the Christmas period) will cease from today Friday 18<sup>th</sup> December 2020 until starting time on Monday 4<sup>th</sup> January 2021.
- Over recent days motorists may have noticed ongoing works adjoining the northeast corner of the Dunkettle Interchange Roundabout – these works are associated with site clearance in this area to facilitate the construction of new structures from early 2021. Clearance works in this area will continue from 4<sup>th</sup> January 2021 – see photograph below.

**Site clearance works ongoing near the northeast corner of Dunkettle Interchange Roundabout**

- Works will also get underway on a new bridge crossing of the N25 near Bury's Bridge and two new railway bridges east of the existing M8 railway bridge during January 2021.
- Further details of 2021 works will be set out in our next progress update.

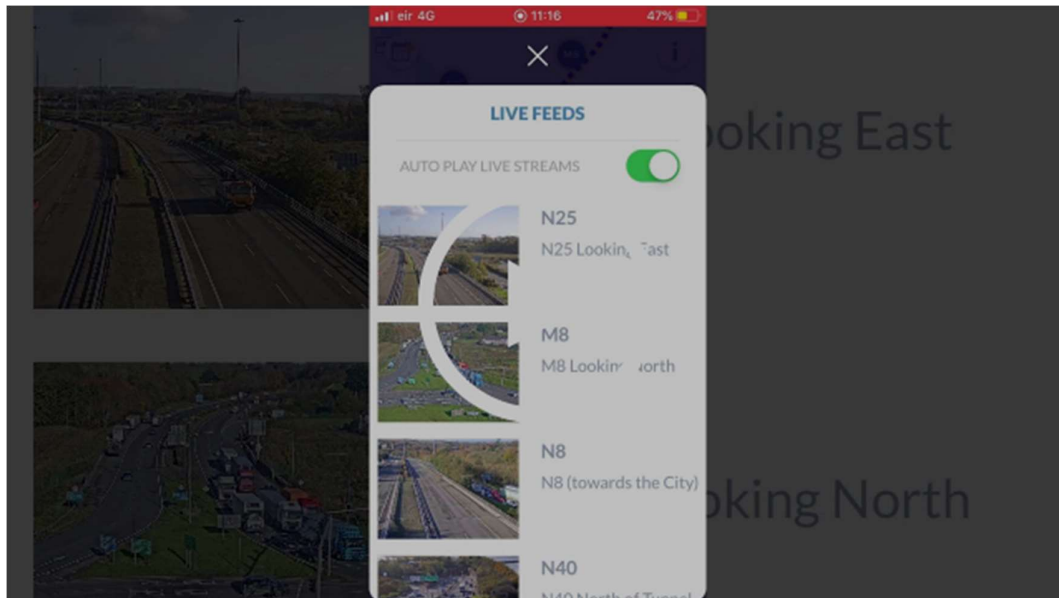

# N40 Intelligent Transport Systems

*Installation of gantry mounted Variable Message Signs and other infrastructure to display traffic information such as journey times.*

- Works under this heading will also close from today Friday 18<sup>th</sup> December 2020 until starting time on Monday 4<sup>th</sup> January 2021 with the possible exception here of some localised off-road works.
- Notwithstanding the fact that both the Dunkettle and N40 sites will be closed over the coming period we will remain contactable throughout the two week break via the contact details below.
- The next progress update will be issued on Friday 8<sup>th</sup> January 2021.

---

## Dunkettle Live Traffic App

- Traffic volumes are continuing to increase significantly and this increase in traffic volume seems certain to continue over the coming fortnight. Motorists are again reminded of the availability of the Traffic App which can assist greatly in rescheduling planned journeys to avoid peak traffic times.

**Dunkettle Live App: Download from [Apple App store](#) or from [Google Play store](#)**
