Dunkettle Interchange Upgrade Project

Upgrade Dunkettle to a largely free-flow interchange to alleviate traffic congestion.

- Works are continuing on the two new rail crossings, ST08 and ST09, and these works will become increasingly noticeable to motorists on the M8 southbound. See photograph below.

Column construction underway south of the Cork-Midleton railway line for Structure ST08

- Piling works will get underway for the new eastern interchange bridge from Monday 8th March 2021. This structure is referenced as ST01 in the graphic below.

- Also in the structure ST01 area the N25 eastbound off-slip and N25 eastbound on-slip at Bury's Bridge will close from Monday 29th March 2021. Electronic Variable Message signs advising of the upcoming closure will be established in this area over the coming days.
- Earthworks in various areas of the site will also get underway from Monday 8th March 2021 and further updates in relation to these works will be provided as the works are progressed.
- Night time working is planned on the N25 for week commencing Monday 8th March 2021 and localised diversions will be in place. However, no significant disruption to traffic is anticipated as

the works will not commence until 9pm and be off road by 5am the following morning.

N40 Intelligent Transport Systems

Installation of gantry mounted Variable Message Signs and other infrastructure to display traffic information such as journey times.

- Over the coming week works under this heading will continue at multiple sites on the N40, at two sites on the M8 and at two sites on the N25.
- The auxiliary lane closure between Mahon Interchange and Bloomfield Interchange on the N40 westbound will remain in place for a number of weeks.
- Works are continuing on multiple sites on the N40 eastbound between Mahon Interchange and the Jack Lynch Tunnel. See photograph below.

Concrete pour ongoing for gantry foundation at the site adjoining the N40 eastbound

- Piling works are also continuing on the site adjacent to the N25 westbound, immediately west of the Little Island Interchange. See photograph below.

Piling works ongoing for new ITS equipment adjacent to the N25 westbound
