## Dunkettle Interchange Upgrade Project

- Works are continuing on structures ST01, ST06, ST07, ST08, ST09, ST10, ST11, ST14 along with Retaining Wall RW05. Ground improvement and earthworks filling for the Link roads both north and south of the N25 are also ongoing.

Locations of ongoing works on site.

- Works will continue next week at the Dunkettle Interchange Roundabout centre island for ST06 & ST07. The off peak closure of the inner roundabout lane in place for these works will continue for a number of months. Works in this area will further increase for the next 2-3 weeks and particular caution is advised for motorists.
- The final span for the bridge deck for Structure ST08 is currently being poured, this bridge will carry traffic between the M8 and the N40 over the existing Cork to Midleton railway line – see photograph below.

**Concrete being poured for the ST08 bridge deck this morning.**

- Significant concrete pours in the Structure ST01 area will take place today. Motorists will notice column construction getting underway south of the N25 over the coming days. No traffic disruption is anticipated in this area - see photograph below.

Ongoing works at ST01 south of the N25.

- A reminder that the temporary reduced speed limit of 60 km/hr for the Dunkettle site area is in place and motorists are requested to abide by the speed limit in the interests of the safety of the personnel working on site and road users themselves also.

**Please see hereunder link to recent drone footage showing the ongoing works at Structure 1 (ST01) on the Dunkettle Interchange Upgrade Scheme:**

# N40 Intelligent Transport Systems

*Installation of gantry mounted Variable Message Signs and other infrastructure to display traffic information such as journey times.*

Works will continue next week on the ITS sites as follows:

- The installation of Enhanced Message Signs and Lane Control Signs is underway on the M8 – see photograph below.

**Lane Control Signs being installed on the M8 southbound.**

- Nighttime closures will be implemented during W/C 20th September 2021 on the N25, N40 and M8 in order to facilitate pavement reinstatement works, these works are being progressed under night time closures in order to minimise the impact on traffic.
- The final gantry to be installed will be between the Bloomfield Interchange and the Mahon Interchange, this work will be progressed under nighttime closures in mid-October 2021. Details will be provided in relation to the same in future updates.
- The civils element of this work will reach substantial completion next month and we remain on track for the completion of the ITS installation by January 2022.

---

## **Dunkettle Live Traffic App**

- Traffic levels have increased following the recent lifting of some of the Covid 19 restrictions with traffic currently running at approximately 90% of pre-Covid levels.

Click on the icon above to see the benefits of the Dunkettle Live App.
