Dunkettle Interchange Upgrade Project

- Work will continue on site up to and including Thursday 23rd December 2021. The site will then close and reopen on Tuesday 4th January 2022.
- We are intending to place the beams at Structure ST06 under night time working on the night of Tuesday 21st December 2021. Local diversions will be in place from 21:00 on Tuesday night until 05:00 on Wednesday morning – see photograph below.

Works ongoing at Structure ST06 with the western abutment wall being poured ahead of the upcoming beam placement.

- Off-peak lane closures on the Dunkettle Interchange Roundabout circulatory carriageway will continue up to Wednesday 22nd December to facilitate the completion of Structures ST06 & ST07 – see photograph below.

Works ongoing at Structure ST07 for the eastern abutment wall.

- As always, please see below link to recent drone aerial footage of the ongoing works on site.

- We would like to like to thank the travelling public for their cooperation throughout the year and to wish everyone a Happy Christmas and a Happy New Year. Our next newsletter will issue on Friday, 7th January, 2022.

Please see hereunder link to recent drone footage showing the ongoing works on the new M8 SB and N25 WB to M8 NB section of the Dunkettle Interchnage Upgrade Scheme:

Dunkettle Live Traffic App

- Motorists are again reminded of the availability of the “**Dunkettle Live**” traffic app. In addition to live camera feeds, real time journey duration information is also available for all of the main routes approaching the Dunkettle Interchange Roundabout.

The screenshot shows a web browser window with the URL <https://www.dunkettetraffic.ie>. The page title is "Dunkettle Interchange". The main heading is "JOURNEY TIMES". Below this, there is a section titled "LATEST" containing a table with three columns: "From", "To", and "Travel time (minutes)".

From	To	Travel time (minutes)
