

Dunkettle Progress Update

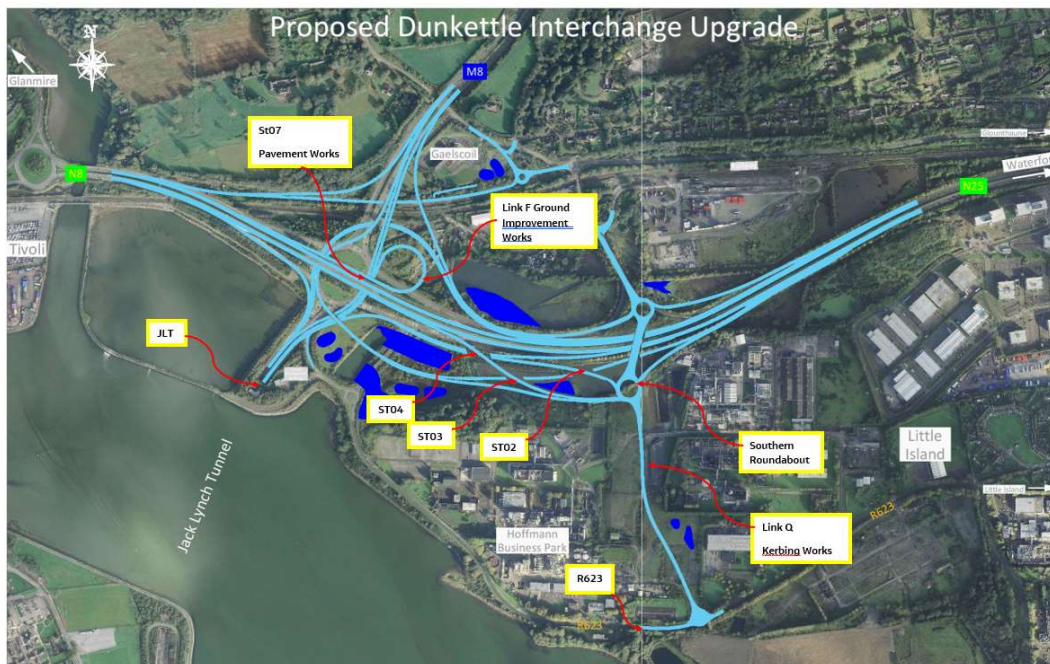

10th June 2022

Twitter

Website

- Works are continuing across the site at all remaining structures and embankment construction.

- Surfacing works associated with the Structure St07 bridge deck were undertaken during the period alongside the N25 eastbound – see photograph below.

Pavement materials being placed at Structure St07 alongside the N25 eastbound.

- Ground improvement works are progressing towards completion at the Link F area as highlighted on the plan above – see photograph below.

Vertical drainage rig in operation at Link F.

- See composite aerial shot below of the works area south of the N25 with the Structures St02, St03 & St04 and the earthworks embankments in this area highlighted also. Both earthworks and structures works in this area will continue until the end of 2022.

Ongoing works south of the N25.

- Following on from the completion of the kerbing works at Link Q surfacing works will get underway from W/C 13/06/2022.

Kerbing works completed for Link Q between the southern roundabout and the R623.

- In overall terms, works remain on programme for completion by the due date of February 2024.

This weeks progress update video shows the current status of works as of June 2022.
