

# Dunkettle Progress Update

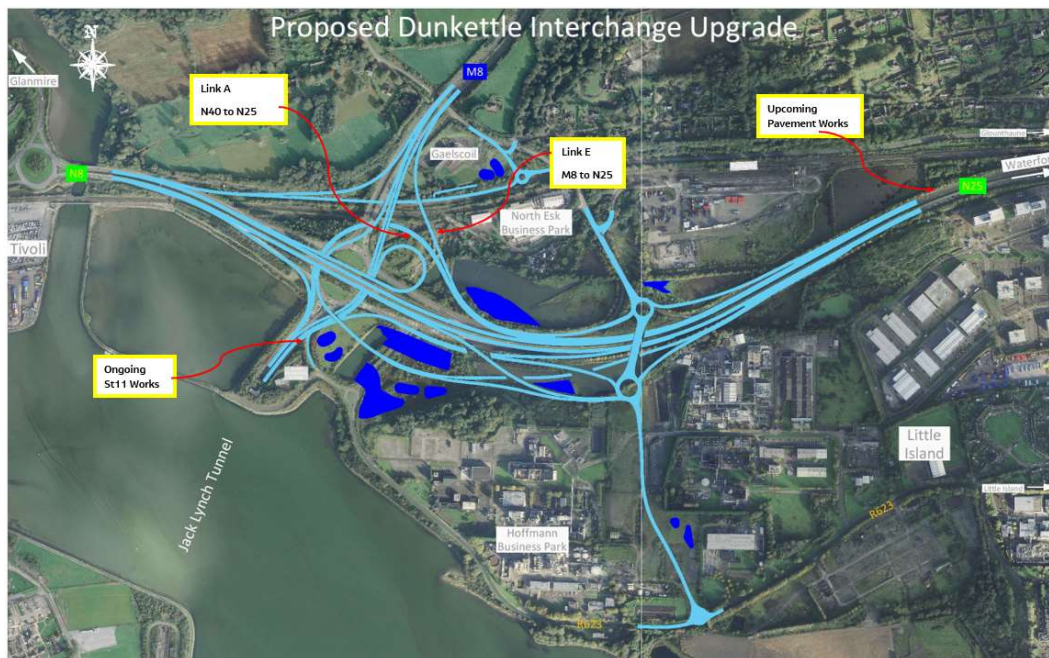

*15th July 2022*

Twitter

Website

- No major new items to report this week with works continuing across the site at all remaining structures and embankment construction areas – see photograph below.

Earthworks ongoing on site alongside the N25 eastbound.

- Works are continuing at Structure St11 in the area of the diverge to Little Island from the N40 – see photograph below. This diverge will ultimately be closed as part of the works. However, it will remain in place as an emergency access to the Jack Lynch Tunnel.

Excavation works ongoing at Structure St11 on the approach to the Jack Lynch Tunnel.

- Surfacing works will be progressed on the eastbound side of the N25 from W/C 18/07/22. These works will continue for a number of weeks and they will be carried out under night time working as required to minimise disruption to road users – see photograph below.

Preparatory works being completed alongside the N25 eastbound in advance of the upcoming pavement works.

- Motorists are advised that speed control/enforcement will be intermittently in place on the site from Monday 18/07/22. This is to ensure that the speed of traffic is appropriate through the works area.

**This weeks video shows ongoing works south of the N25 from the Dunkettle Interchange Roundabout towards Little Island**
