

Dunkettle Progress Update

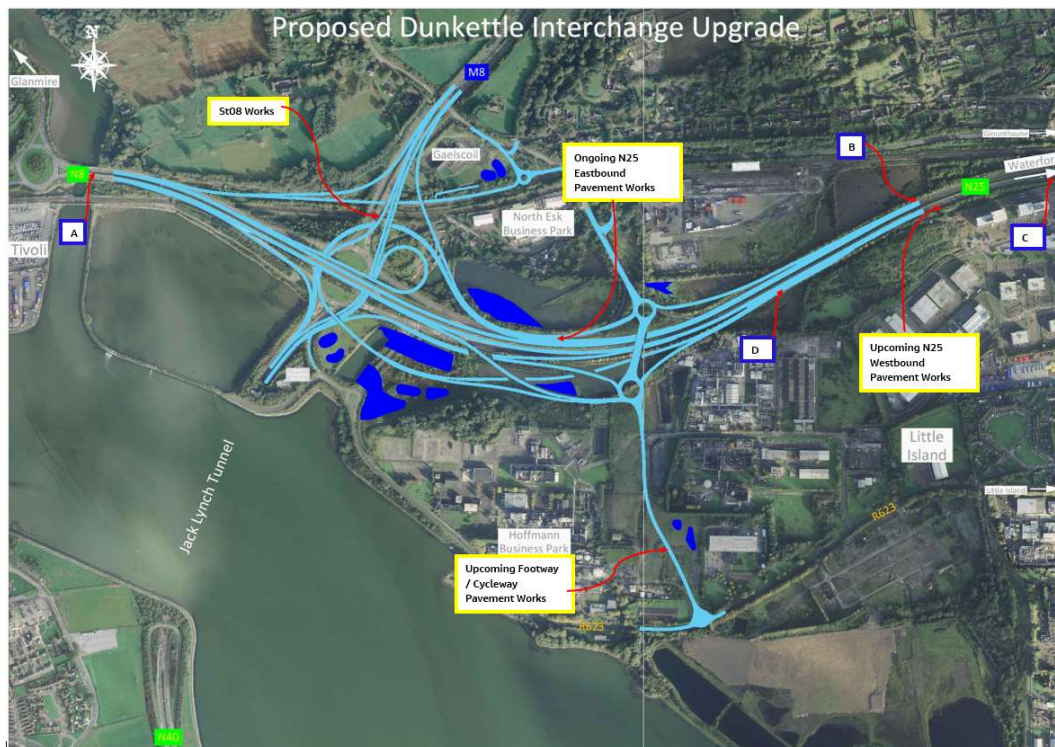

22nd July 2022

Twitter

Website

- Works are continuing across the site at all remaining structures and embankment construction areas.

- In addition to the new road links, the scope of works for the Dunkettle Interchange Upgrade Scheme includes resurfacing of the N25 Eastbound between points A & B as shown on the map above. This works element will be progressed in sections to align with the works on the new road links. At present, works are ongoing on the N25 eastbound in the Structure St01 area and these works will continue for a number of weeks with no significant disruption to traffic– see photograph below.

Pavement works ongoing alongside the N25 eastbound.

- Also on the N25, resurfacing works will be required throughout the westbound lanes - see photograph below. The resurfacing works between points C & D on the map above will be progressed over the upcoming period and these works will necessitate local diversions – details to follow in future updates.

Upcoming N25
Westbound
Pavement Works

Location of upcoming resurfacing works on the N25 Westbound.

- Column construction works are continuing at Structure St08 West alongside the M8 northbound– see photograph below.

Column construction works at St08 ongoing.

- Motorists are reminded that speed control / enforcement measures will be in place W/C 25/07/22.

- Surfacing works on the new footway / cycleway adjoining Link Q will get underway in the coming weeks – see photograph below.

Works being progressed at Link Q.

- In overall terms, works remain on programme for completion by the due date of February 2024.

This weeks video shows the ongoing works along Link E which will provide the new free flow link from the M8 southbound to the N25 eastbound.
