

# Dunkettle Progress Update

## *26th August 2022*

Twitter

Website

- Motorists are advised that the speed control van will be on site on a full time basis over the coming weeks.

- Works are continuing at Structures ST02, ST03 & ST04 at the southern side of the N25 and at Structure ST08 north of the N25. At ST08, the bridge beams for the central and northern span will be placed next Monday, Tuesday and Wednesday night 29/08/22-31/08/22 – see photograph below.

**Works ongoing at ST08 alongside the M8 northbound.**

- Preparatory works for further sections of surfacing on the N25 are continuing. The traffic lanes have been re-configured to allow the completion of the preparatory works within the existing central median. This area will ultimately become part of the N25 westbound – see photograph below.

**Site clearance works being completed within the existing N25 central median.**

- At Structure ST11, the retaining wall immediately north of the Jack Lynch Tunnel, works are continuing on setting back the walls to the required new location. At present works are focused at the walls at the north east corner of the Jack Lynch Tunnel Approach. These works will continue for a number of weeks.

Works ongoing at Structure ST11 alongside the N40 southbound.

- In overall terms, works remain on programme for completion by the due date of February 2024.

**This weeks video shows ongoing works in the vicinity of the Dunkettle Interchange Roundabout.**
