

- Link I will open to traffic on the afternoon of today, Friday 10th of February 2023. This link will provide access to the N25 eastbound from the northern roundabout of the new Interchange – see photograph below

Link I area with the approach from the overbridge highlighted and the approach from the Bury's Bridge area highlighted.

- Beams at Structure St04 were placed over recent days – see photographs attached.

Preparatory works ongoing in advance of beam placement at Structure St04.

Ongoing beam placement works at Structure St04.

Tie-in area between proposed Link M including Structure St04 and the N25 westbound.

- Link M will ultimately provide the link from the southern roundabout of the new Interchange to the N25 westbound – see layout plan below.

Layout Plan showing future Link M/N25 junction with Link M highlighted.

- In order to complete the north-western retaining wall of Structure St04, it will be necessary to temporarily close a section of the approach lane to the N25 westbound diverge to the Interchange roundabout. This sectional lane closure will be put in place after the PM peak of today Friday the 10th of February 2023 with the lane fully reopened by Monday the 20th of February 2023. These works are being carried out during the week of the mid-term break in order to minimise disruption to traffic – however, additional time should be allowed for journeys in this area during the AM and PM peaks

Extent of the upcoming lane closure required on the N25 Westbound Diverge to the Interchange Roundabout.

- We hope to place the bridge beams at Structure St03 before the end of February. Details under this heading will be provided in future updates.

- Surfacing works over the next few weeks will be focused on the N25 westbound area with a series of night-time closures/local diversions planned for week commencing Monday 13th of February 2023.

- For a closer view of all maps/photos used in these weekly updates, please visit the Project website at www.dunkettle.ie/newsletters or simply zoom in on your computer in the normal way.

This week's video shows the route of Link I which will provide a new access for commuters from the R623 Roundabout and the Bury's Bridge Roundabout to the N25 Eastbound.
