

Dunkettle Progress Update

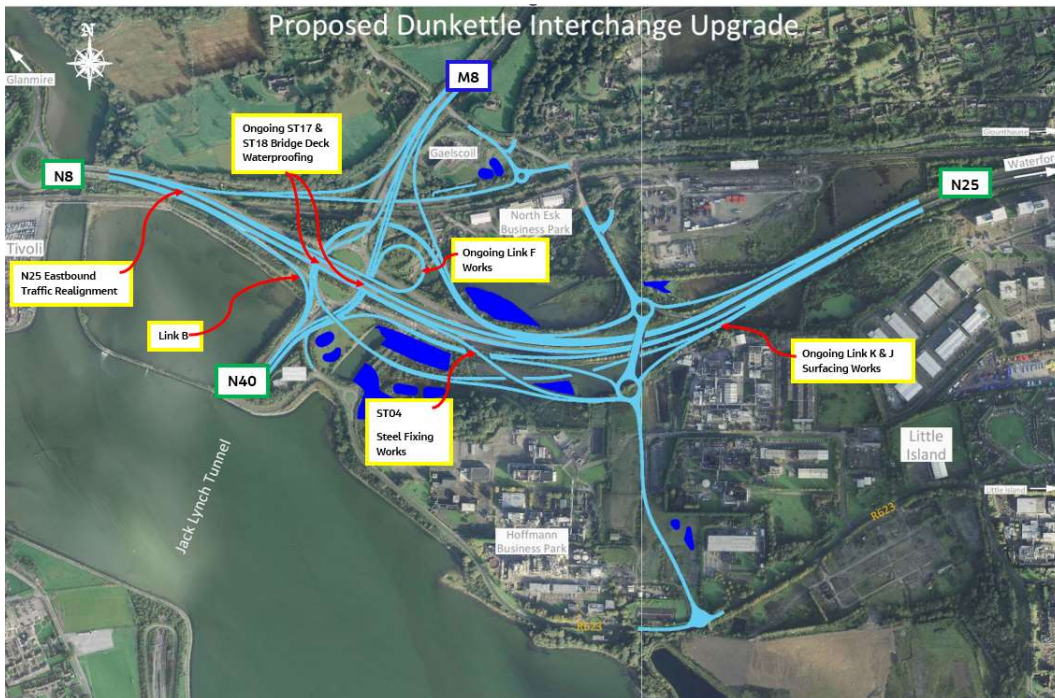

24th March 2023

[Twitter](#)

[Website](#)

- Motorists are again reminded that speed control measures, coupled with CCTV monitoring are in place across the site and will remain in place over the coming months.

- Works are ongoing in the area of the Interchange overbridges alongside what will ultimately become Link F – see layout plan above. As part of these works, the N25 eastbound lane configuration was altered overnight last night, Thursday 23rd March 2023 – see photograph below.

Works ongoing alongside the recently realigned N25 eastbound alongside Link F.

- From a Structures point of view, steel fixing works are nearing completion for the bridge deck at Structure ST04 – see photograph below. We hope to cast the deck at this location next Thursday 30th March 2023 during daytime working. Steel fixing works will then be

progressed at the Structure ST03 bridge deck, and we hope to cast this bridge deck by the middle of April 2023.

Steel Fixing works ongoing at Structure ST04 alongside the N25 westbound.

- From a surfacing point of view, works have been focused on Links K & J at the southern side of the N25 westbound – see photograph below.

Pavement works ongoing at Link K & J alongside the N25 westbound.

- Works are currently focused on the eastern end of the scheme. Over the coming period, we will pick up the outstanding works at Link B, the proposed free-flow link from the Tunnel to the N8 westbound and we will confirm an opening date for this link in due course – see layout plan above.

- As noted in previous updates, a scale model of the Scheme is available for viewing at the site office in Inchera, Little Island. Please call 1800 810077 (at any time) to arrange a viewing or simply call into the site office during working hours - see photograph below.

Dunkettle Interchange Upgrade Scheme Scale Model.

This week's video shows the ongoing works in the vicinity of Link F.
