

Dunkettle Progress Update

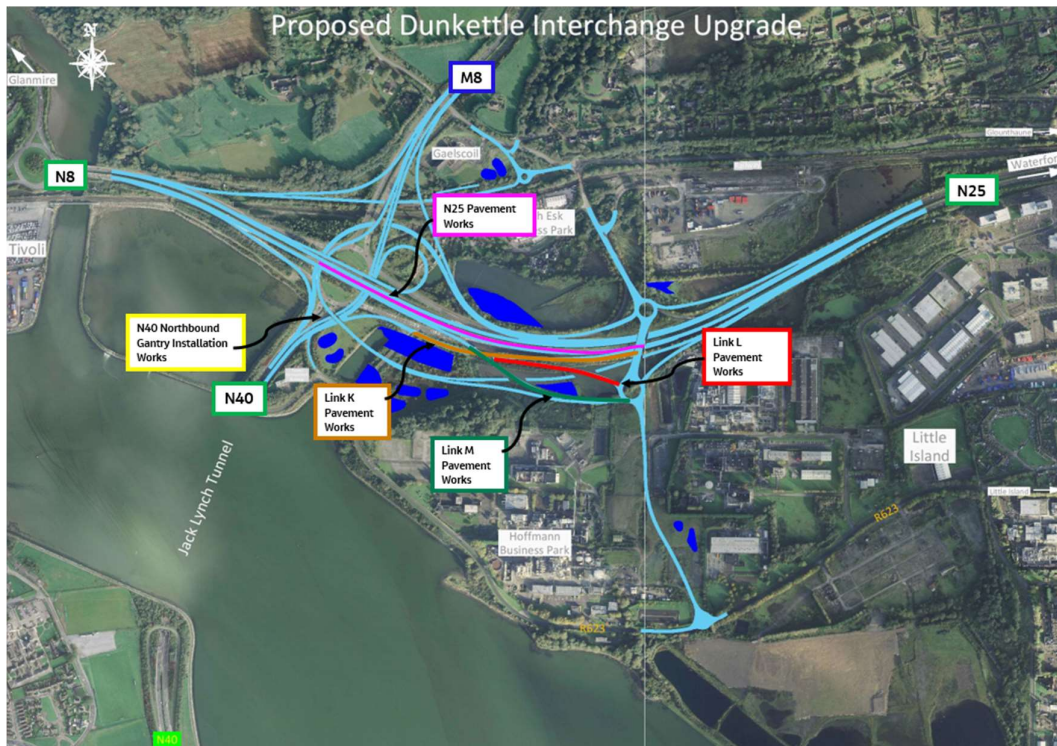

19th May 2023

Twitter

Website

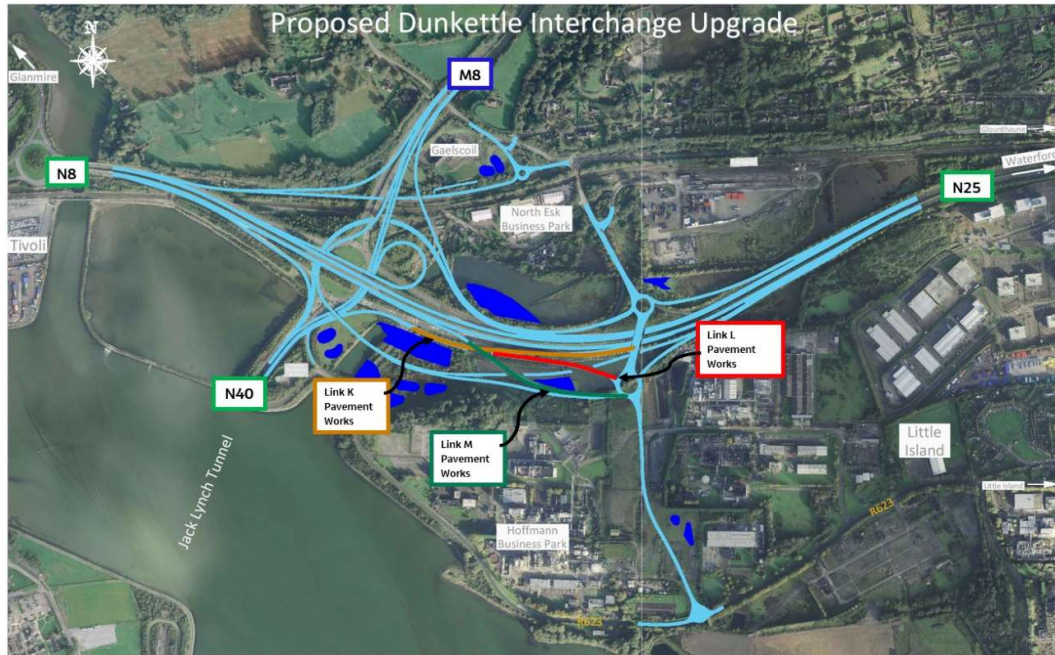

- Motorists are again reminded that speed control measures, coupled with CCTV monitoring are in place across the site and will remain in place over the coming months.

- Over recent nights, we have completed surfacing on the available section of the N25 eastbound. The remaining section from the existing Interchange Structures to the Tivoli Roundabout will become available for surfacing works towards the end of the summer.

Pavement Works being undertaken on the N25 Eastbound under night-time working.

- Focus of surfacing works will now switch to daytime working on the links south of the N25 - see layout plan below.

Upcoming surfacing works on Links L, K & M.

- A number of further gantry signs will be erected under night-time working during W/C Monday 22nd May 2023 at various locations across the site.

Gantry installation works ongoing on site.

- We hope to open a number of further road links over the summer months - details will be circulated in advance in the normal way as dates are finalised.
- In the meantime, we would note the scale model of the Scheme remains available for viewing between 9am to 5pm, Monday to Friday. If you are intending on viewing the model, please call 1800 810077 to arrange a viewing at the site office in Inchera, Little Island.

Dunkettle Interchange Upgrade Scheme Scale Model.

**This week's video shows the ongoing works on Link K alongside the
N25 westbound**
