

Dunkettle Progress Update

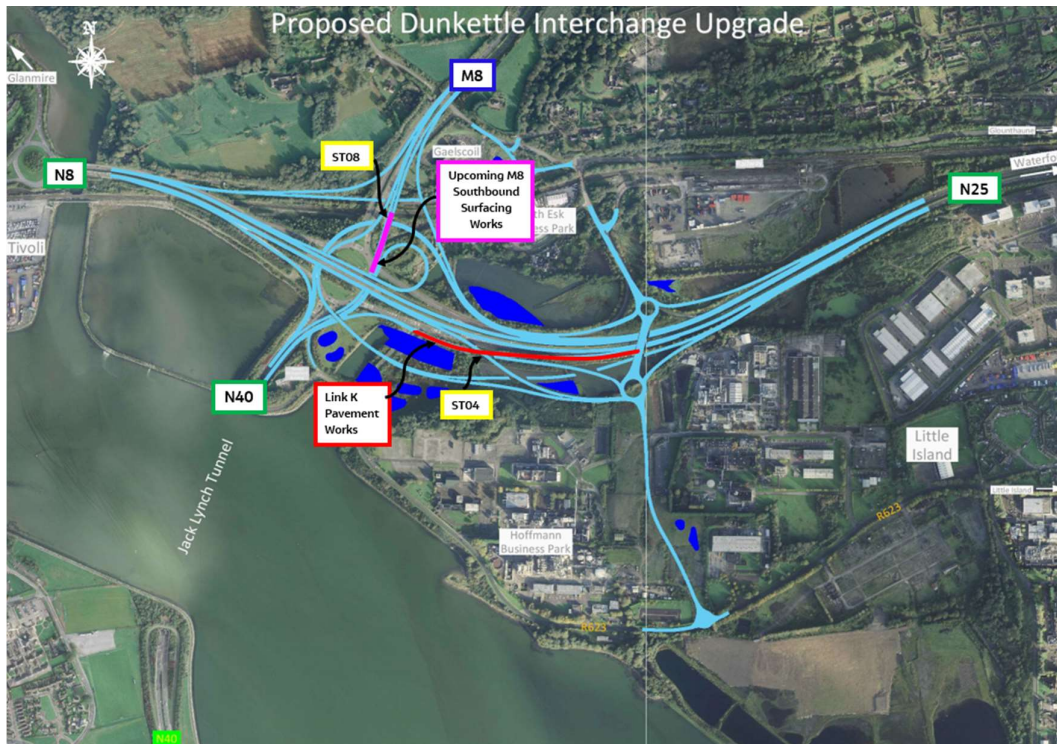

26th May 2023

Twitter

Website

- Motorists are again reminded that speed control measures, coupled with CCTV monitoring are in place across the site and will remain in place over the coming months.

- The current phase of surfacing works south of the N25 will reach completion over the coming days - see photograph below. The final wearing course in this area will not be laid until finishing works including erection of safety barrier, road kerbing etc. have been completed.

Pavement works continuing on Link K, south of the N25.

- During W/C Monday the 29th of May 2023, surfacing works will get underway on the M8 southbound in the area shown on the layout above. These works will be progressed under night-time working in order to minimise disruption to traffic - see photograph below.

Recent aerial shot showing the section of the M8 southbound to be surfaced over the coming period

- From a Structures point of view, concreting works are continuing at Structure ST04 with steel fixing works ongoing for the bridge deck at Structure ST08 - see photographs below.

Parapet edge beam under construction at Structure ST04.

Steel fixing works ongoing at Structure ST08.

- For those who are interested, the scale model of the Scheme is available for viewing between 9am to 5pm, Monday to Friday at the site office in Inchera, Little Island. Please call 1800 810077 to arrange a viewing.

This week's video shows the ongoing works at Structure ST04 and on Link K, in the area south of the existing N25.
