

Dunkettle Progress Update

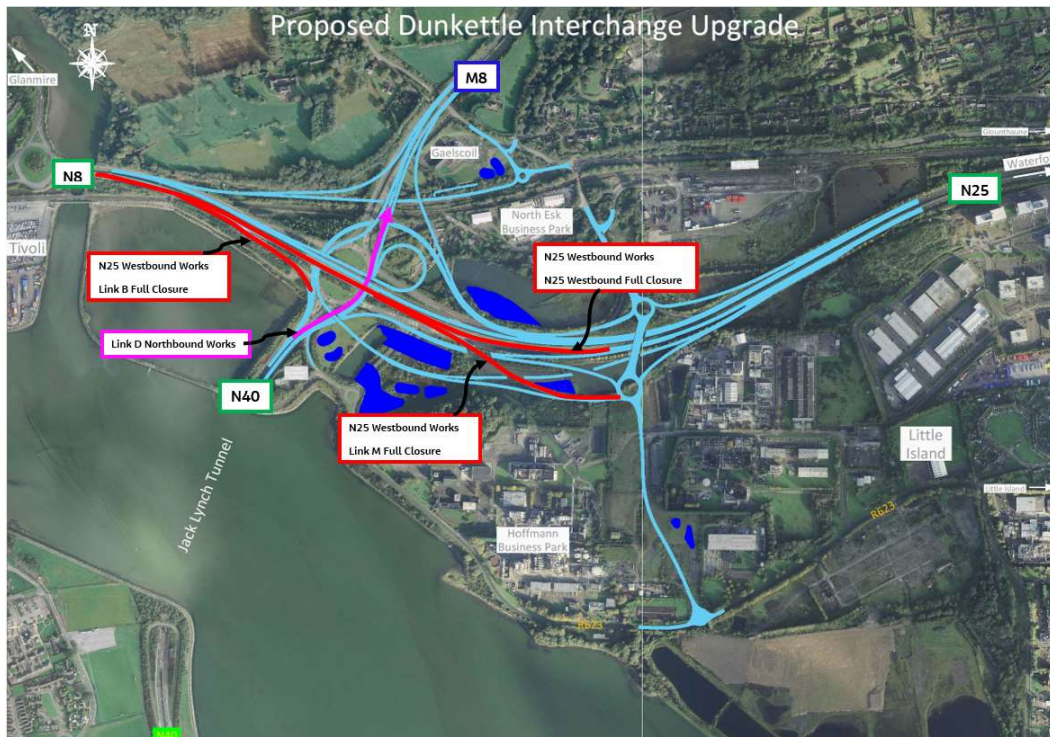

08th September 2023

[Twitter](#)

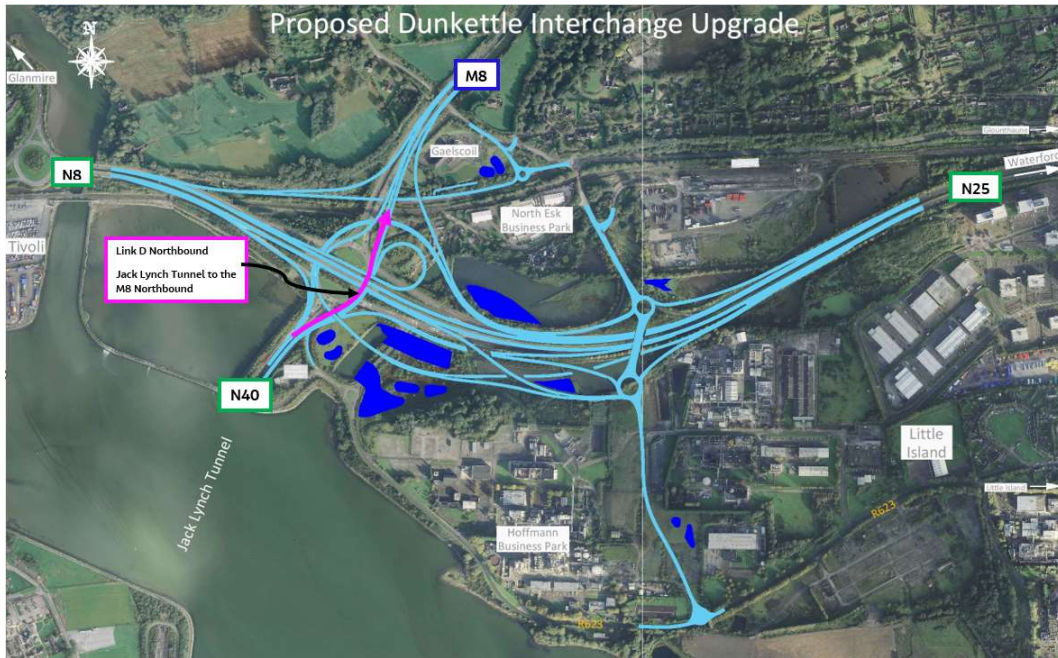

[Website](#)

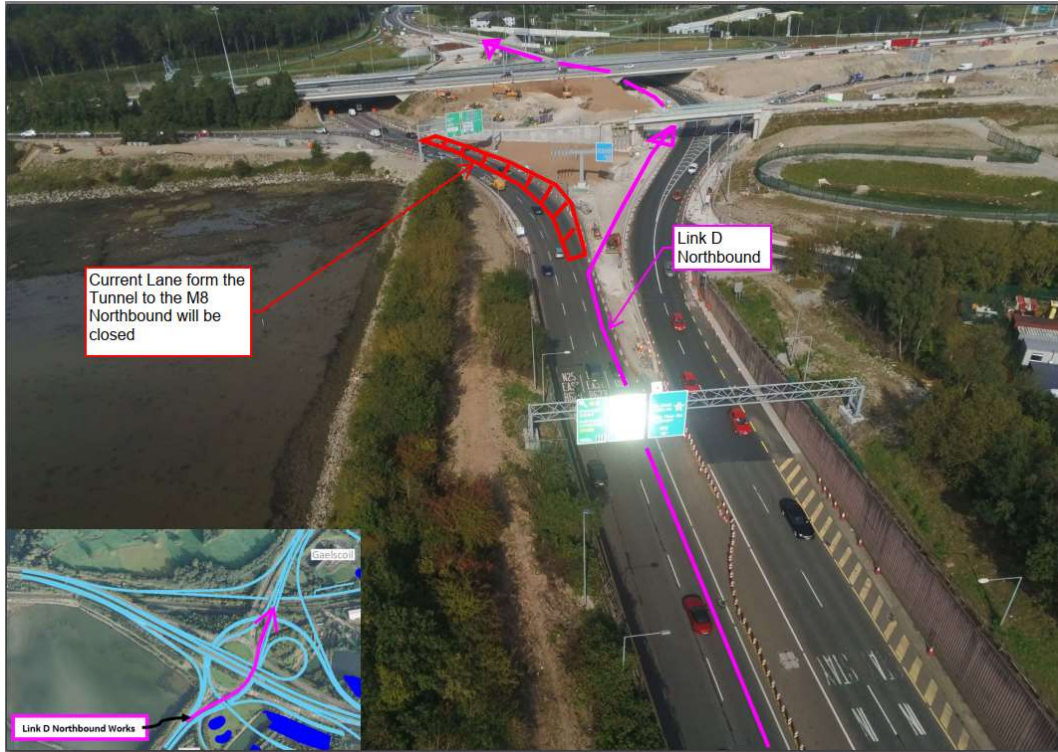

- Motorists are reminded that speed control measures are in place across the site in order to ensure the safety of the workers on site and also the road users.

- Works on Link D northbound have progressed well and we now hope to open this new link on or before the night of Wednesday 13th September 2023 – we will issue a further update on Monday 11th September 2023 in relation to the same. See layout plan and photo below along with this week's video.

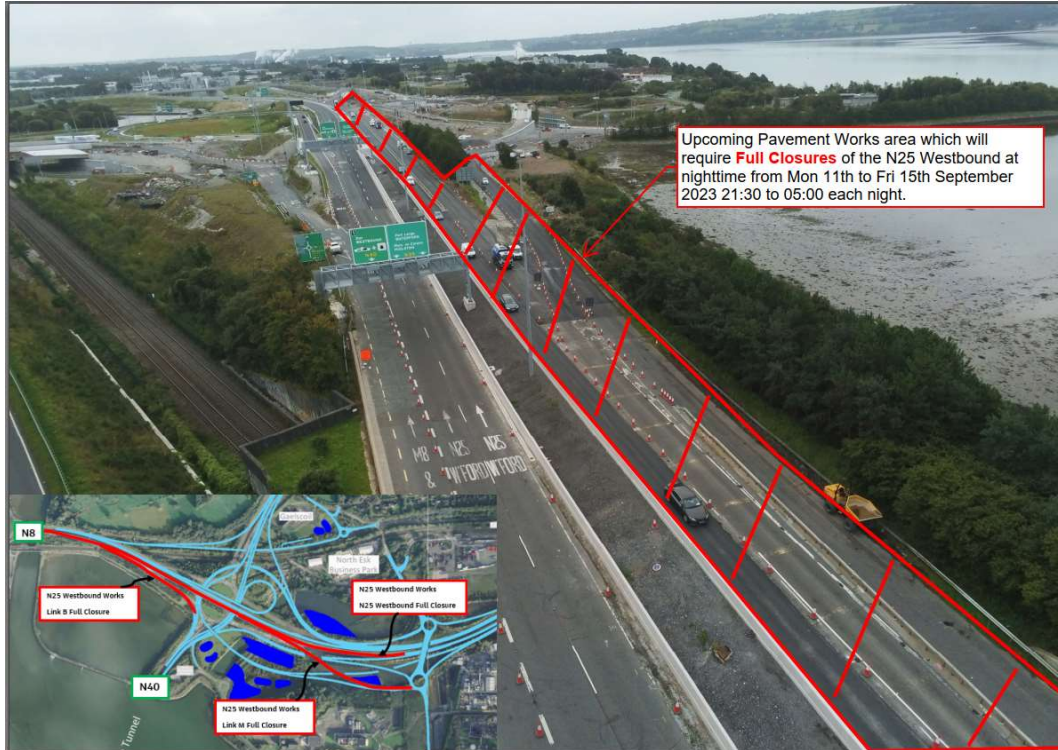

Link D Northbound – the new free flow link from the Tunnel to the M8 northbound

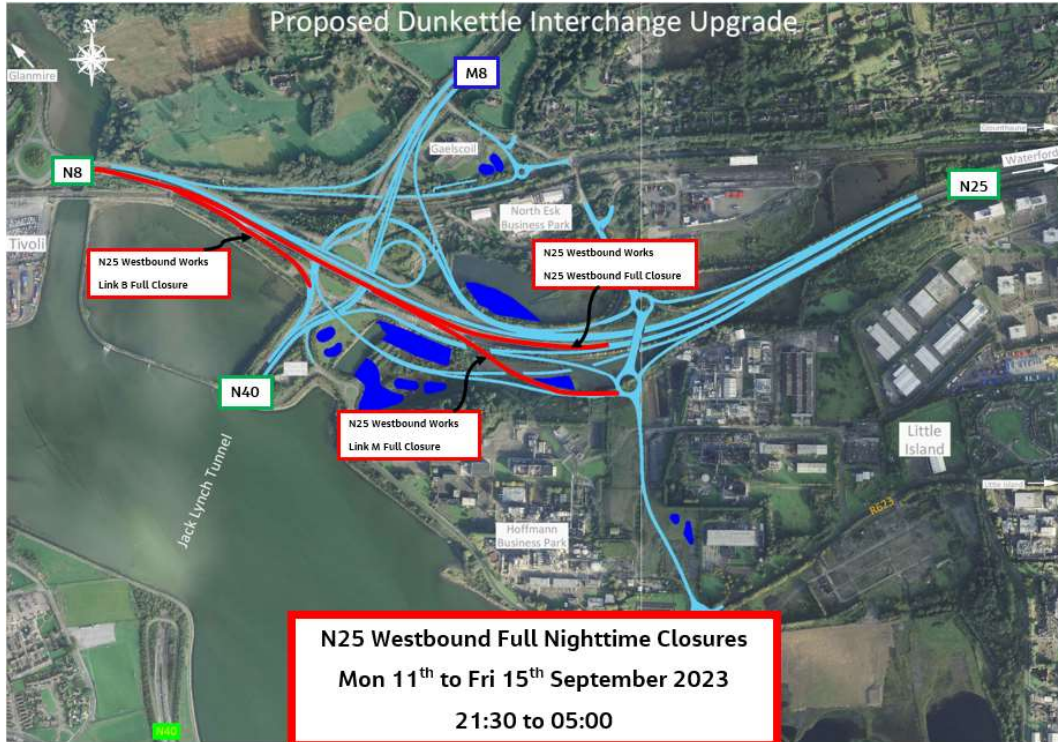

Upcoming new Link D Northbound route

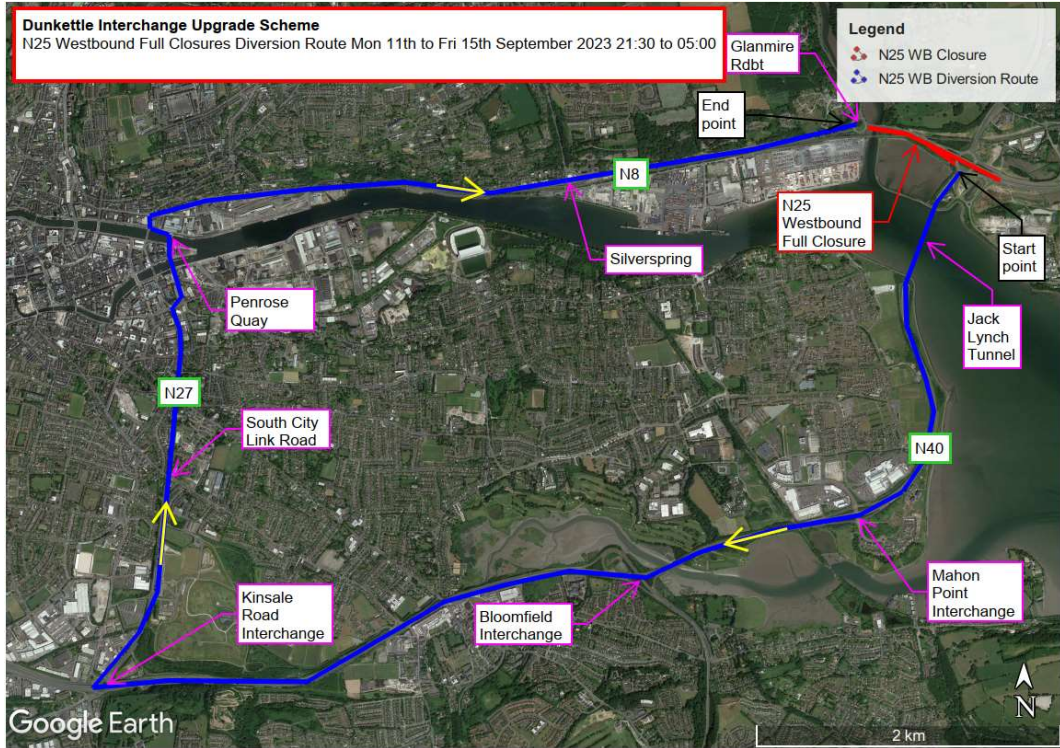

- Also during W/C Monday 11th September 2023, there will be a focus on night works on the N25 Westbound between the Dunkettle Interchange Roundabout and the Glanmire Roundabout – see photograph below. We now hope to have all lanes in this area open to traffic early in W/C Monday 18th September 2023. Full night-time closures of the N25 westbound (Monday to Friday – 21:30 to 05:00) will be required in order to complete the works and diversions will be in place via the Tunnel and the Kinsale Road Interchange – see diversion route below. Over-height vehicles which cannot use the Tunnel will be guided through the works as required.

Ongoing Works on the N25 Westbound in advance of the upcoming pavement works

N25 Westbound Full Closures between the Dunkettle Interchange and the
Glanmire Roundabout

Diversion route for traffic required for the N25 Westbound Full Closures

This week's video shows the new alignment for Link D Northbound which will take traffic from the Jack Lynch Tunnel to the M8 upon completion
