- Traffic heading for the N25 eastbound from the Tunnel will be realigned slightly (at the old Interchange Roundabout) during W/C Monday 2nd October 2023. This will facilitate access to the outstanding works on Link C (the new N25 westbound to M8 northbound free flow link) which includes the construction of a Retaining Wall, RW03 at the old Interchange Roundabout – see photograph below.

Upcoming Link C Construction Works

- Works are ongoing for the completion of Link K and Link M alongside the N25 Westbound. Surfacing works will be undertaken under night-time working over the coming period with local road closures and diversions in place – see photo below.

Upcoming Link K & Link M Surfacing Works

- Night-time road closures will be in place in order to facilitate the erection of the remaining Variable Message Signs over the coming period also. The N8/N25 eastbound (at the Tivoli Roundabout) will be fully closed at night from 22:00 to 05:00 on both Monday 2nd and Tuesday 3rd October 2023. Traffic will be diverted locally via the R639 through Glanmire. The M8 southbound will also be fully closed between Junction 18, Glanmire North and the Interchange Roundabout on Wednesday 4th and Thursday 5th October 2023 from 22:00 to 05:00. Traffic will be diverted through Glanmire via the R639 for this diversion also – see photograph below. We hope to have all of the remaining Variable Message Signs in place by the end of October 2023.

Upcoming VMS Sign Installation Works

- Surfacing works on the remaining sections of the N25 westbound approaching Tivoli are now nearing Substantial Completion. During W/C Monday 2nd October 2023, the focus on this area will switch to the completion of the remaining bridge expansion joints. We hope to complete the works in this area in the early days of October 2023 – see photograph below.

- The focus will then switch to the N25 Eastbound works between the Tivoli Roundabout and the old Interchange Roundabout with surfacing works and bridge deck water proofing works in this area due for completion in October 2023 – see photograph below.
