

Dunkettle Progress Update

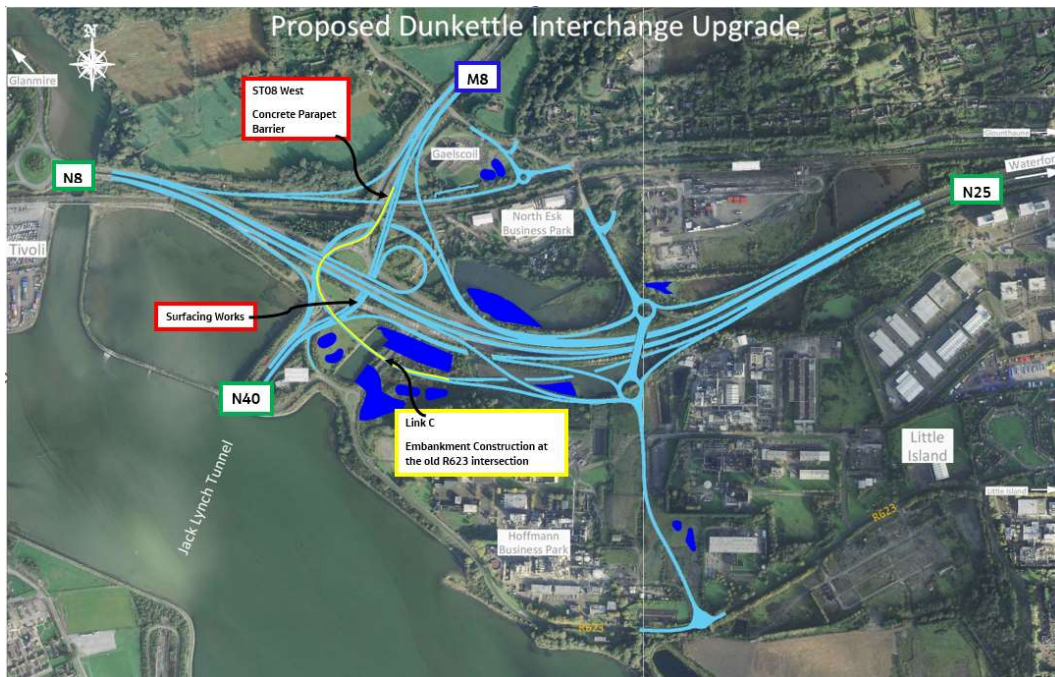

01st December 2023

Twitter

Website

- A further section of surfacing works will be carried out under night-time working during week commencing Monday the 04th of December 2023 – the wearing course layer will be installed on the remaining section of Link D (M8) Northbound – see photograph below.

Remaining area for wearing course on Link D Northbound

- The focus on the completion of Link C will continue for a number of weeks:
 - Earthworks at the old R623 crossing point area are continuing – see photograph below.
 - The waterproofing works are being carried out on the bridge deck of Structure ST08 (West) which will carry Link C traffic towards the M8 Northbound – see photograph below.
 - In the area between Structure ST05 and Structure ST08, roadworks are being progressed and it is hoped to complete initial surfacing layers in this area before the Christmas break – see photograph below.

Earthworks ongoing at the old R623 crossing point to the N25 Westbound

Waterproofing works at Structure ST08

Upcoming roadworks on Link C

- In overall terms works, remain on track for completion by the due date of February 2024
