

Dunkettle Progress Update

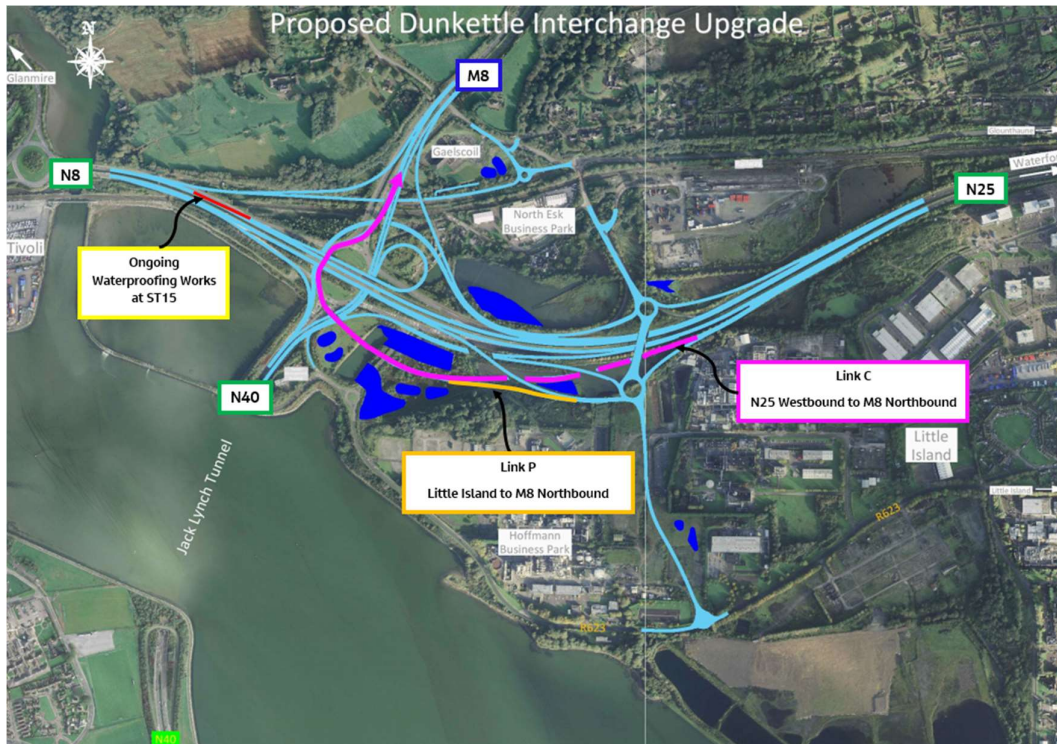

02nd February 2024

Twitter

Website

- The waterproofing works at Structure St15 (see layout plan above) referenced in last week's update have been completed on two of the three N25 eastbound lanes in this area. Works to complete the third lane will get underway at 8.00pm on Tuesday the 06th of February

2024 and continue on a 24-hour basis up to the morning of Thursday the 08th of February 2024. During this period, the N25 eastbound will be reduced to two lanes – see photograph below.

- No major disruption to traffic flow is anticipated as a result of these works. However, motorists should allow additional time for their journey if utilising the N25 Eastbound during peak times.

Area highlighted shows the extent of bridge deck waterproofing required

- Surfacing and white lining works are now well advanced on Link C – see photographs below.

Ongoing works at Link C and Link P south of the N25

Surfacing and white lining works ongoing at Link C and Link P

- We hope to complete works on Link C during week commencing Tuesday the 06th of February 2024.
- Localised surfacing works will also be progressed in various areas of the site under night-time working (in order to minimise disruption to traffic) throughout week commencing Tuesday the 06th of February 2024.

- In overall terms, works remain on track by completion of the due date this month – further details will be provided in our update next Friday the 09th of February 2024.
