

Dunkettle Progress Update

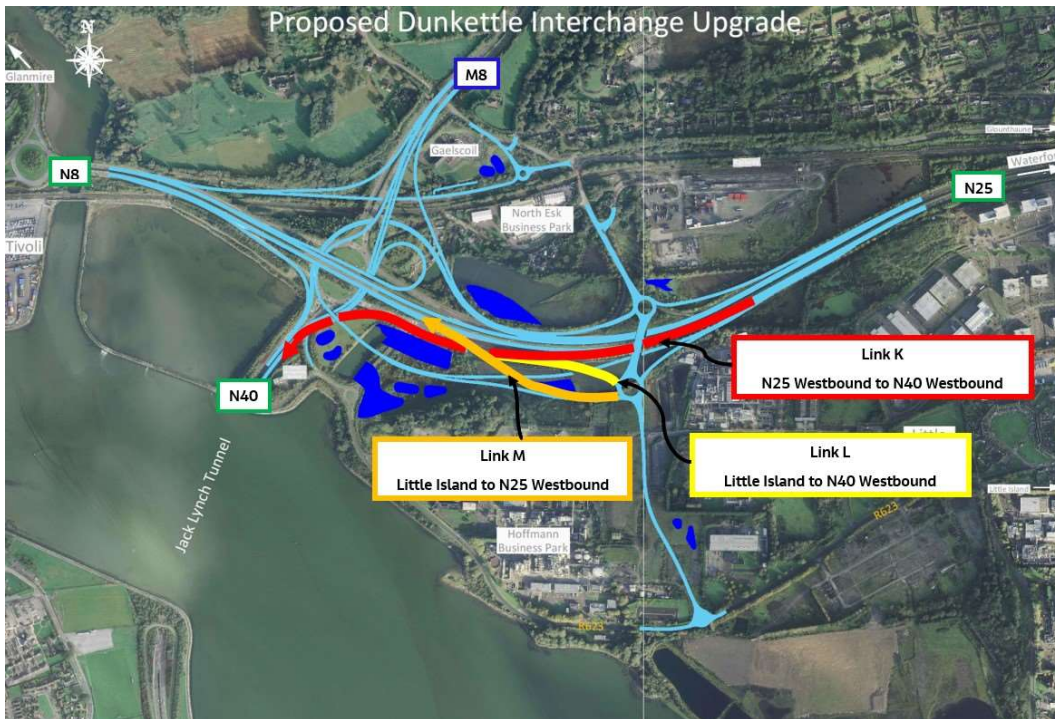

23rd February 2024

Twitter

Website

- Over the coming days works will be focused on completion of outstanding items on Links K, L, and M – shown highlighted in the layout plan above. In order to minimise disruption to traffic any works that require lane closures / link closures will be carried out under night-time working.

- It is also hoped to complete the installation of an expansion joint at Structure ST14 over the coming days - see layout plan and photograph below.

Layout Plan highlighting the location of Structure ST14

Expansion Joint Installation Works at Structure ST14

- Final landscaping works are also being progressed on multiple areas of the site and these works will continue until mid-March 2024 - see photograph below.

Ongoing Landscaping Works at the Northern Section of the Interchange

- No significant disruption to traffic is anticipated as a result of upcoming works.

- Please see link below to our Project Website to view a labelled map of the various links of the Dunkettle Interchange and the directions they travel.
